

SAINT CATHERINE OF GENOA SCHOOL

192 Summer Street
Somerville, MA 02143

Bulletin Notice

St. Catherine of Genoa school is full of excitement as we prepare for the end of our school year. Our Eighth graders, Kindergarten One and Kindergarten Two graduated last week. It was rewarding to see all the students receive their well-deserve diplomas and awards. Our middle school held their annual Science Fair and everyone enjoyed St. Catherine school band performance and Field Day followed by a back yard barbecue.

The children were excited to see their end of the year report card, which included a list of supplies needed for next September and a summer reading list. We ended our week in a meaningful way by attending Mass and we anticipate the fun we will have next week at St. Catherine's camp.

Thank you to our multi-talented P.T.O, teachers and volunteers who organize our field day, barbecue, recent tag day, bake sale and gold fundraiser. The P.T.O. does not intend to rest this summer, as they are preparing a parish and school cookbook filled with a taste of St. Catherine recipes. To keep in shape, parent volunteers have offered to help move classrooms as it became necessary to expand our Kindergarten One program.

Once again, I would like to thank all our teachers, staff, parishioners, P.T.O members and volunteers who dedicated their time and talent. You truly are shining examples of a Christian Community "Where Everyone is Family."

Have a wonderful safe summer. Our office will be open most days during the summer months. I look forward to preparing for our opening school day on Wednesday September 8, 2010.

Love & Prayers,
Marian Burns
Principal
